

Call for Participation

We invite you to join us in **12th International Conference on Software Engineering (SEC 2026)**.

invites high quality submissions presenting original research, innovative ideas, and practical experiences across all areas of software engineering. SEC 2026 aims to bring together researchers, practitioners, and industry leaders to advance the state of the art and practice in software engineering, with a strong emphasis on emerging technologies, rigorous methods, and impactful applications. We welcome submissions of technical research papers, empirical studies, industrial case studies, visionary papers, and tool demonstrations.

High lights of SEC 2026 includes:

- 13th International Conference on Signal and Image Processing (SIGL 2026)
- 13th International Conference on Artificial Intelligence and Applications (AIAPP 2026)
- 12th International Conference on Cryptography and Information Security (CRIS 2026)
- 13th International Conference on Cybernetics & Informatics (CYBI 2026)
- 12th International Conference on Data Mining and Applications (DMA 2026)
- 13th International Conference on Computer Science and Information Technology (CoSIT 2026)
- 7th International Conference on Big Data (CBDA 2026)
- 7th International Conference on Natural Language Processing and Machine Learning (NLPML 2026)
